HON. A. K. McCLURE, Philadelphia, Solicitor.

The Chinese Government having (through the Hon. Anson Burlingame) conceded to this Company the privilege of connecting the great seaports of the Empire by submarine electric telegraph cable, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following ports, viz:

	Population.
Canton	1,000,000
Macoa	60,000
Hong-Kong	250,000
Swatow	200,000
Amoy	250,000
Foo-Chow	1,250,000
Wan-Chu	300,000
Ningpo	400,000
Hang Chean	1,200,000
Shanghai	1,000,000
Total	5,910,000

These ports have a foreign commerce of $900,000,000, and an enormous domestic trade, besides which we have the immense internal commerce of the Empire, radiating from these points, through its canals and navigable rivers.

The cable being laid, this company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must command there, as everywhere else, the communications of the Government, of business, and of social life especially in China. She has no postal system, and her only means now of communicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrate make her population *Four hundred and Fourteen millions*, and this is more likely to be under than over the actual aggregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in English alone. To-day great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose connecting all their great seaports, were now in existence, it is believed that its business would pay the cost within the first two years of its successful operation, and would steadily increase thereafter

No enterprise commends itself as in a greater degree remunerative to capitalists, and to our whole people. It is of vast national importance commercially, politically and evangelically.

☞The stock of this Company has been unqualifiedly recommended to capitalists and business men, as a desirable investment by editorial articles in the New York *Herald, Tribune, World, Times, Post, Express, Independent*, and in the Philadelphia *North American, Press, Ledger, Inquirer, Age, Bulletin* and *Telegraph*.

Shares of this company, to a limited number, may be obtained at $50 each, $10 payable down, $15 on the 1st of November, and $25 payable in monthly instalments of $2.50 each, commencing December 1, 1868, on application to

YOU ALL

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or any thing like one; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,

ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate diseases of the Liver or Digestive Organs, combined with impure blood.

HOOFLAND'S GERMAN BITTERS

is entirely vegetable and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made, are gathered in Germany. All the medicinal virtueus are extracted from them by a scientific Chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

HOOFLAND'S GERMAN TONIC

is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in case where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These remedies are the best

Blood Purifiers

ever known and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order, keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no diseases will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything, you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find that "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system.

Yours Truly,
GEO. W. WOODWARD.

FROM HON. JAMES TAOMPSON.

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD,
Eigth, below Coates Street.

THE BROAD TOP COAL AND IRON REGION.

The Kemble Coal and Iron Co's Furnaces at Riddelsburg in blast! Complete success of this pioneer enterprise.

In this age of accellerated progress in the industrial arts, little time is afforded in reviewing the stages of progress in their development. They pass in rapid review, as the mile posts gleam for a moment before the vision of the rail-road passenger. But even in the rapid progress of the present age, there are stations dotted along it, which claim a passing notice.

Fifteen years ago the eagle eye of capital looked anxiously on the broad acres of this Coal Field. Scanning its eighty square miles of coal measures, and testing the outcrops of its coal seams.

The old settlers looked in amaje at this inflow of coal hunters and were puzzled to know what induced these strangers to pay so frequent and assiduous attention to the topography of their rugged and uninviting Region. Perhaps there lurked in their minds a vague thought that the keepers of some of our benevolent institutions had been somewhat derelict in their duty. The exhibition however, of gold pieces, in payment for their poor and rocky lands, removed this impression, and the homesteads of the Broad Toppers' passed into the possession of these strangers!

In 1856 the Broad Top rail-road was opened from Huntingdon to the mines Shoup's Run, and subsequently its base extended along the Raystown Juniata from Saxton to Hopewell and Mt. Dallas, reaching out branches up the three valleys which are cut deeply across the Coal Field nearly at right angles to this base.

The latter part of this year inaugurated the opening of the Coal Trade from the Region, and tested practically the value of Broad Top Coal at the various points of consumption along the Pennsylvania rail road and canal and in the seaboard cities. It was received with considerable approbation by consumers, and distinguished itself particularly for generating steam and for use in the various branches of the manufacture of iron. With a steadily increasing demand from year to year, additional mines were opened, improvements erected, and miner's hamlets dotted quite thickly over a large portion of the field. For ten years the main thought was directed to the development and shipment of its coal.

This was the era of coal. During the latter part of this period, pioneer minds were slowly but surely grasping the problem so prominently set forth in this Region—an inexhaustible supply of pure mineral fuel in the Coal Field, flanked along its western base by a great valley, along which outcropped the rich deposits of the fossiliferous and hematite iron ores. The Raystown Juniata with its accompanying rail road, divided the ores from the fuel and suggested a *base of operations*, olong which they could be readily united and smelted.

But simple as was the act of the falling apple, it required the genius of a Newton to appreciate this illustration of the law of gravity. It required capital to erect furnaces, and most of those familiar with the resources of Broad Top, had already largely invested in its coal lands and coal business. Besides, there were other questions which come up in the discussion, will your Broad Top coke make good iron? Are you sure you have abundance of iron ore?

The coke had not made iron in this Region and hence suggested a doubt in the minds of capitalists. True, the iron ores had been thoroughly tested, for they had been and were now being smelted at various points in the Region with charcoal.

But as the primeval forest was fast disappearing and the charcoal iron-masters looked aghast at the widely increasing circle of their charcoal supply, the continuation of this mode of iron making could not be entertained. And here, for a breaf time, the matter rested. Presently the Cambria Iron Co. began shipping these ores to smelt at their works. If they could be successfully worked at Johnstown with coke, why not in Broad Top?

In 1867, L. T. Wattson, Esq., then Prest. of the Huntingdon and Broad Top R. R., intraduced this matter to a number of New York gentleman, who visited the Region and purchased coal and iron ore lands, soon after organizing a company under the name of the Kemble Coal and Iron Co., of whom the Hon. William Kelley is President. L. T. Wattson, Esq., Vice Prest. and R. A. Wight, Esq., Sect. and Treas.

During the following year they commenced the erection of a large furnace at Riddlesburg, which has been completed and is now in blast.

The construction of the furnace, after a design by F Rumpf, Esq., of New York city, was intrusted to David Worden, Esq., the present Superintendent, under whose superior skill and untiring energy, this noble furnace has been brought to a successful issue. The furnace, is 14 feet wide at bosh, 8 feet at tunnel head, and 60 feet high. Its outside base is a truncated pyramid, having a base of 32 feet square. The masonry is heavy coursed, well banded, ashlar work, of Mahoning Sandstone. The tuyere arches are turned with hard red brick, and the interior of the furnace has a double lining of 21 inch fire brick.

The blowing engine is of the most modern and approved plan, possessing sufficient surplus power to increase the blast, over the usual pressure of 3½ to 4 pounds per square inch, in any exigency which may arise in its working.

A pumping attachment supplies water to the water lift for hoisting the ores and fuel and for the various uses incident to a large furnace.

The hot blast oven is erected after the improved Player patents, which insures a high heat equally diffused over the cast iron heating pipes, and is not injuriously concentrated at any one point.

Ample boiler room has been provided and the furnace gases utilized in making steam and heating the hot blast oven.

Indeed the whole improvements and appliances, regarded in all the elements of strength, stability, ample power, skillful construction, and embodying the most recent improvements, has excited the admiration of all who have visited it. It is located at the village of Riddlesburg at the mouth of Six Mile Run; it has coal 1½ miles above it, and abundance of red hematite iron ore at Tatesville mine, 10 miles south of it. All these supplies are alongside and carried over the Broad Top Rail Road to the furnace at Riddlesburg.

The furnace was put in blast the 3d inst. During the first week of its operations it has made 80 tons of superior No. 2 grey foundry metal. When full load and blast shall be attained, it is expected that 120 tons of metal per week will be produced. The operations thus far have demonstrated the main question—the excellent quality of Broad Top Coke. This result is exceedingly gratifying to the pioneer friends of Broad Top and initiates the era long and anxiously looked for—the *iron making era*—the advent of increasing prosperity to the whole Region.

The distinguished gentlemen composing the Kemble Coal and Iron Co., have placed the friends of Broad Top Region under deep obligations by the exhibition of their faith in its resourses, the investment of a large amount of capital, and the application of their practical experience in the manufacture of iron.

No company yet operating in the Region has excited so general an interest in their success, and this success has been hailed with unanimous joy.

Our experience teaches us that the old proverb is true—"misfortune comes not singly," but it is evident also that converse of this proposition is also truth. For, during the progress of the construction of this furnace, explorations west of Marklesburg, developed presence of a *mammoth* seam of rich iron ore along the flank of Tussey's Mountain. There it was opened 9 feet thick. Recent openings on the same deposit traced to the Powelton Coal & Iron Co's lands, west of Coffee Run, show a solid seam of iron ore 21 feet thick! This is not a "pocket," but a continuous seam of excellent iron ore, in the Levant series, Clinton groupe, and extending as far as the measures extend in which it is inclosed. The one has been used and tested in the furnaces of the Cambria Iron Co. and declared excellent. Who shall map out the future of Broad Top, with its inexhaustible supply of coal and coke on the eastern flank of its Rail Road, and its inexhaustible supply of rich iron ores along its western flank.

Minds that are open to the analyses of great facts, may, measurably catch gleaming of accellerated industry in this long neglected department; and to some extent work out the rapid growth of furnaces contributing their products to the increasing demands of an age—an age when the wealth, power and civilization of nations are measured and estimated by the standard of *iron*. But who can fully appreciate the various branches of human industry that will be indnced by the success of this pioneer furnace and the recent develoments of iron ores.

Truly, Broad Top gleams under the brightening rays of a new era. Solving the great problem so long and clearly indicated to man by the Creator of all—the union in the furnace of the twin sources of industry and wealth—coal and iron ore.

We hail with unmingled delight the dawn of the iron era.

J. F.

SAXTON, PA., July 10, 1869.

YOUNG MAN, YOU'RE WANTED.—A lady writer under this heading, hits off the men as follows:

"A woman wants you. Don't forget her. Don't wait to be rich; if you do, ten to one you are not fit to be married. Marry while you are young and struggle up together. Bnt mark, young man, the woman don't want you if she is to divide her affections with a cigar, spittoon or whisky jug. Neither does she want you if you don't take care of her and the little "after thoughts" which are sure to follow.—Neither does she want you simply because you are a man, the definition of which is too apt to be an animal that wears bifurcated garments on his lower limbs, a quarter section of stove pipe on his head, swears like a pirate, and is given to filthy practice generally. She wants you for a companion, helpmate—she wants you to have learned to regulate your appetite and passions; in short in the image of God, not in the likeness of a beast."

HOW TO STOP BLOOD.—Take fine dust of tea or scrapings of the inside of tanned leather and bind it close upon the wound, and blood will cease to flow. These articles are at all times accessible, and easy to be obtained. After the blood has ceased to flow, laudanum may be advantageously applied to the wounds. Due regard to these instructions will save agitation of the mind and running for the surgeon, who would make no better prescription, if present.

The widow and daughter of the late Peter Cagger propose founding a hospital in Albany, N. Y., as a memorial to him.

PAR NOBILE FRATRUM.

The thinking, reflecting men of all parties pronounce both Grant and Geary political humbugs of the first water, and are becoming more and more disgusted every day with their silly and disreputable conduct. Since they have been in power, corruption and venality, in their worst forms, are the order of the day, and shoddy rules supreme from one end of the country to the other. The vilest system of peculation permeates every department of the National and State Governments, and the treasury of the people is plundered at will by the scavengers of the party in power.

The Radical party obtained its ill-gotten power by theery of retrenchment and reform; and with these promises on its lips it has permitted the thieves and robbers who hang upon its skirts to deplete the treasury by hundreds of millions annually, and to saddle taxes upon the honest industry of the country equal to anything experienced by the down-trodden subjects of Asiatic or European Despotisms. For eight long years has the country been ruled as with a rod of iron; the eyes of the masses have been blinded to the true situation of things; the chains forged for their enslavement have been welded with more than usual care by their unprincipled and despotic rulers; and it will require almost more than superhuman efforts on the part of the people to release themselves from the terrible thraldom which has been imposed upon them by their ruthless taskmasters. The American people are paying dearly for their folly in elevating two such consummate humbugs as Grant and Geary to power. Whatever may have been the services rendered by them in the late war, and we are not disposed to underrate the merits of General Grant as a soldier, (as to Geary, we think it would be difficult to find them!) they are confessedly failures in the high civil capacities to which they have been elected. Neither of them appear to have the remotest idea of what constitutes real statesmanship, and their Cabinet counsellors seem to be very little better than themselves.

Geary is a candidate for re-election to the position of Governor of this great Commonwealth, and asks the people to endorse by their suffrages his imbecility and all the corruptions of his administration. Will they do it? Can it be possible that a majority of the voters of Pennsylvania will be willing to continue the reins of power in the hands of this empty and inflated demagogue, who has shown himself to be totally unfit for the high and responsible duties which appertain to the office? We think not. On the contrary, we believe that there is still enough of integrity left in the people to hurl John W. Geary and the vile crew of political cormorants by which he is surrounded.—*Pottsville Standard.*

ANDREW ON ULYSSES.

Andrew Johnson, ex-President of the United States, is at present in Washington, and has been "interviewed" by a correspondent, who reports at length the substance of Mr. Johnson's remarks. A leading feature of Mr. Johnson's conversation was an expression of his individual opinion of General Grant, which is given in language more forcible than elegant. He regards President Grant as "the greatest farce ever thrust upon a people. He styles him "a little fellow who has nothing in him. He hasn't a single idea. He has no policy; no conception of what the country requires. He don't understand the philosophy of a single great question, and is completely lost in trying to comprehend his situation.

Mr. Johnson's opinion of Grant's moral virtues is not of a very exalted character. "He is," says A. J., "mendacious, cunning and treacherous. He lied to me flagrantly, and I convicted him by my whole Cabinet; but that even would have been tolerable had it been the only instance; but it was not. He lied on many other occasions. * * Physically, mentally and morally he is a nonentity. Why, sir, his soul is so small that you could put it within the periphery of a hazelnut shell, and it might float about for a thousand years and not strike the walls of the shell. That's the size of his soul."

A. J. hits Ulysses stoutly in a very tender part when he says: "They talk about his generalship. Well, he was a mere incident of war. Men and arms were supplied in abundance, and so massive were his forces that they simply crushed out the rebellion. It would have been done had Grant never been born. Therefore he was a mere incident. But the little fellow has come to think he is some-body really. I can't help pitying him when I think and know what an infinitesimal creature he really is. I often think that about the fittest place for Grant is at some place in the country where there are cross-roads. I have been at these places and often noticed the scenes. At one corner, perhaps there is a small black smithshop; at another corner there is a grocery store, and at another a house where the squire meets to settle cases. Well, I have noticed at such a junction of several roads that when the squire's business is over, several fellows will propose a horse-race, and to give interest to the thing, a barrel of cider, and, perhaps, half a gallon of whisky, will be staked on the result. Now, Grant is just suited to such a situation. His ideas are of the crossroad order, and he has not a thought abovethat."

Making all due allowance for Andrew Johnson's good cause for disliking Grant, there is no denying the fact that in his rough off-hand way he has managed to give a spicy and truthful description of the great Ulysses, in some points at least.—*Philadelphia Herald.*

FLOWERS AND MUSIC.—Yes, two gifts God has bestowed upon us, that have in themselves, no guilty trait, and show an essential divineness.—Music is one of these which seems as if it were borne of death, but lingers with us from the gates of heaven; music which breathes over the gross or sad or doubting heart to inspire it with a consciousness of its own mysterious affinities, to touch the chords of its unsuspected, undeveloped life. And the other gift is that of flowers, which though born of earth, we may well believe if anything of earthly soil is in the higher realm, if any of its methods are continued, if any of the forms are identical, they will live on the banks of the river of life. Flowers! that in our gladness and in our sorrow are never incongurous—always appropriate. Appropriate in the church as expressive of its purest and social themes, and blending their sweetness with the incense prayer. Appropriate in the joy of the marriage hour, in the lineliness of the sick room, and crowning with prophecy the foreheads of the dead. They give completeness to the associations of childhood, and are appropriate even by the side of old age, strangely as the freshness contrasts with the wrinkles and gray hairs; for still they are suggestive, they are symbolical of the souls perpetual youth, the inward blossom of immortality, the armaranthine crown. In their presence we feel that the body shall go forth as a winged seed.

ANSWER YOUR CHILDREN'S QUESTIONS.—Education is erroneously supposed only to be had at schools. The most ignorant children often have been constant in their attendance there, and there have been very intelligent ones who never saw the inside of a school room. The child who always asks an explanation of terms or phrases it cannot understand, who is never willing to repeat, parrot-like, that which is comprehensible, will far outstrip in "education" the ordinary routine scholar. "Education" goes on with the children at the fireside—on the street—at church—at play—everywhere. Do not refuse to answer their proper questions, then. Do not check this natural intelligence for which *books* cannot compensate, though you bestowed whole libraries.

"PAPA," said a little urchin to his father the other day, "I saw a printer go down the street just now."

"Did you sonny? How do you know the person was a printer?"

"Because I do, Papa."

"But he might have been a carpenter or a shoemaker."

"Oh no, Papa, he was a printer—likely an editor—for he was gnawing a bone, and had no stockings on. The crown was out of his hat, and his coat was torn. I am certain he was a printer."

EARLY RISING.—A gentleman from Nevada, being asked by an old lady in relation to the welfare of a favorite scapegrace of a nephew who had gone to that State, informed her "that he had died from early rising." This puzzled the old lady very much until, by dint of inquiry, she learned that "early rising" is the Nevada term for hanging.

"Tommy, my son, fetch a stick of wood." Ah! my dear mother," responded the youth," the grammatical portion of your education has been sadly neglected. You should have said—'Thomas, my son, transport from that recumbent collection of combustible material upon the threshhold of this edifice one of the curtailed excrescences of defunct wood.' "

A DOMESTIC, newly engaged, presented to his master, one morning, a pair of boots, the leg of one of which was much longer than the other.—"How comes it, these boots are not the same length?" "I really don't know, sir; but what bothers me the most is, that the pair down stairs is in the same fix."

A very small pattern of a man lately solicited the hand of a fine buxom girl. "Oh, no," said the fair lady, "I can't think of it for a moment; the fact is, Tommy, you are a little too big to be put in a cradle, and a little too small to be put in a bed."

A man being awakened by the captain of a passenger boat, with the announcement that he must not occupy his berth with his boots on, very considerately replied, "Oh, it won't hurt 'em; they're an old pair."

"What is the difference bewteen editorial and matrimonial experience?" In the former the devil cries for "copy." In the latter the "copy" cries like the devil.

"My dear sir," said a candidate, accosting a sturdy wag on the day of election, "I am very glad to see you." You needn't be," replied the wag; "I've voted."

A YOUNG gentleman speaking of a young beauty's fashionable yellowish hair called it pure gold. It ought to be," quoth Mr. K——, "it looks like twenty-four carrots.

Mrs. David Mitchell, near Newville, Indiana county, gave birth on the 11th inst., to two boys and one girl. Mother and children are doing well.

THE wisest point with many public speakers is to know when precisely enough has been said. It is the stopping that tells- not the beginning or going.

A SURE way to turn people's heads—just go late to church on next, or any other Sunday.

WHY is a dog's tail a great novelty? Because no one ever saw it before.

FOR THE CAMPAIGN!

RALLY IN YOUR MIGHT!

Read, Think and Act!

Our appeal is to the intelligent, the candid and the independent. We ask only that people shall *understand* the issues before them, and that, understanding them, they reflect upon their duty in the premises and then discharge what they believe to be that duty when they come to cast their ballots. In order that the questions to be voted upon at the coming election, may be fairly and fully presented to the public, the BEDFORD GAZETTE will be furnished for the campaign, at the following low rates:

One copy	$0.50
Three copies	1.20
Five copies	1.75
Ten copies	3.00
Twenty copies	5.00

In all cases the cash must accompany the order. We respectfully ask the active men of our party to get up clubs for the campaign at every post-office in the county. In no other way can the good cause be more effectively supported than by the circulation of Democratic newspapers. It ought to be an easy matter to raise a club of twenty at any post office. Address MEYERS & MENGEL, Bedford, Pa.

GEARY'S PLATFORM.

Resolved, That we wholly approve the principles and policy of the administration of General Grant, and we heartily endorse every sentiment contained in his inaugural address, *and especially do hereby ratify and approve the late amendment to the Constitution of the United States proposed by Congress, known as the Fifteenth Amendment.—Radical Platform adopted at Philadelphia, June 24, 1869.—See Bedford Inquirer of July 2.*

DEMOCRATIC NOMINATIONS!

The State Convention Harmonious!

The Largest Political Assemblage Ever Known at the State Capitol!

Judge Packer nominated for Governor, Cyrus L. Pershing for Supreme Judge.

Victory foreshadowed.

The Democratic State Convention which met at Harrisburg, on Wednesday, 14th inst., was characterized by a spirit of harmony and enthusiasm which clearly foreshadows success at the coming election. Hon. Asa Packer, of Carbon county, was nominated for Governor on the first ballot. Gen. Cass, of Pittsburg, was his principal competitor for the nomination. Gen. Hancock wrote a letter prohibiting the use of his name before the Convention, but so ardent was the admiration of that body for the gallant soldier exiled into the wildernesses of Dakotah by the edict of Grant, that, notwithstanding his positive declination, he was given a complimentary vote by a considerable number of the delegates. The nomination of Judge Packer is a very strong one. His personal popularity in the eastern and central counties, is greater than that of any other citizen of the State. He will carry Philadelphia by an immense majority, and in the Tenth Legion, Luzerne, Susquehanna, Bradford, Columbia, Montour, Lycoming, Union, Snyder, Northumberland, Dauphin, Lebanon, Lancaster, and adjacent counties, his name is a tower of strength. In the west the radical majorities of last year will also, be materially reduced, and there is every reason to believe that he will be triumphantly elected.

For Supreme Judge, Hon. Cyrus L. Pershing, of Cambria, received the nomination. The readers of the GAZETTE are too familiar with Mr. Pershing's abilities as a lawyer, his record as a legislator, and his high character as a pure and upright man, to render it necessary to print, for their benefit, one word of commendation. Mr. Pershing has been a close student and is a clearheaded, careful lawyer. He will make an excellent Judge; in fact his mind possesses the qualities necessary to adorn the bench, rather than those which render one conspicuous as an advocate at the bar. We have known Mr. Pershing for many years, and speak what we do know, when we say that he is eminently qualified for the position to which he has been nominated.

The resolutions adopted by the Convention, form a platform on which all persons opposed to the ultra and revolutionary schemes of Radicalism, and all in favor of retrenchment and reform in the government may safely stand.—The Fifteenth Amendment and Negro Suffrage issues, presented by the Radicals, are squarely and firmly met. The extravagance and corruption prevalent in the national and state legislatures, are emphatically rebuked. The labor movements are thoroughly endorsed. The taxing system of the Federal Government is properly criticised and its abolition recommended. The soldiers of the Commonwealth are gratefully remembered, and it is resolved that all pledges made to them must be redeemed. Who does not endorse the principles thus set forth? We venture to say that there is not a sincere man in the State, be he Democrat or Republican, who does not cheerfully acquiesce in these sentiments.

The Convention was more largely attended than any other State Convention ever held in Pennsylvania. The city of Harrisburg was enlivened with the marching of processions, the parade of delegations, the display of flags, the strains of bands of music, and the excitement and enthusiasm of the immense crowd which had come to witness the naming of the next Governor of Pennsylvania. Every thing went merry as a marriage bell. The Democracy have risen from their slumbers.—The people are aroused. A revolution is in the political atmosphere. With Packer and Pershing we shall win.—Men of Bedford county, hasten to join in the march to victory!

THE radicals regard with fear and trembling the fact that the democratic candidate for Governor is a man of wealth. They have corrupted the people for so many years that they now fear the men they formerly purchased will demand more than they can pay. Let them rest easy. Judge Packer made his money honestly and will not use it to buy dishonest radicals. But their State Committee had better watch Forney. He once sold the Washington *Chronicle* to the advocates of the Alaska purchase for $2,000 in gold.

The Radical Republicans of Mississippi declare, as a part of their platform for universal suffrage, "the enligtened spirit of the age demanding that the fossil remains of proscription must be numbered with the things of the past." Are the Radicals of this State "Radical Republican?" Not according to the Mississippi definition, for they cling to the "fossil remains of proscriptions."—*Age.*

"The rule of our party is at an end in Virginia unless Congress can do something for us," howls the Radical party. What is expected of Congress in this dilemma? To reject the new Constitution and keep Virginia out of the Union? As Tennessee, Mississippi, and Arkansas will soon follow the lead of the Old Dominion the latter experiment will be slightly difficult.

The Secretary of the Treasury has declined to act in the matter of appointments upon the recommendation of any man in Virginia who voted for Walker. This is widening the breach in a very perceptible manner. As the Congressional delegation from Virginia will be strongly Conservative, they may have a word to say to Mr. Boutwell before the issue is closed.

FORNEY'S PRESS says, "We admit that Judge Packer will make an honest Governor." This admission will give the Democratic ticket thousands of votes. The people want an "honest Governor," just for a change.

THE Pittsburg *Chronicle* (radical) concedes that Judge Packer will be elected. It declares that at present the chances are in favor of the Democrats carrying the State.

EDITORIAL MELANGE.

PACKER and Pershing! The names that are bound to win. Geary's a "gone goslin!"

VIRGINIA has been nearly run to death over the radical track. She has recently elected a Governor who will *Walk-her* over the conservative course.

WELLS, the military ursurpation candidate for Governor of Virginia has not been heard from since the election in that state. Good! "All's well that ends *Wells.*"

"LET us have P's!" With the election of Packer and Pershing will follow Peace, Plenty and Prosperity. Vote for Packer and Pershing, Pennsylvania's Pride!

THERE has been a great exodus of carpet-baggers, from Virginia, since the election. No excursion tickets for that route! All baggage checked through, gentlemen!

THE Somerset *Herald and Whig* bewails loudly, and refuses to be comforted, because of the corruption that pervades the ranks of the radical party in that county. That man must be stupid indeed who looked for anything else.

A woman in Cambridge, Mass., whipped her son, aged six years, to death. In fanatical, witch-burning New England, where the "barbarism of slavery" first found a foothold, instances of such horrid cruelty can only be produced.

GETTYSBURG Katalysine water has a wonderful effect upon Radicals. Mayor Bowen, of Washington, gulped a few goblets of it the other day, and almost instantly felt so "free and equal" as to sit down at the breakfast table with a negro alderman. His daughter was similarly affected. Radicals hereabouts who feel a little squeamish on this "equality" business, had better send for a few bottles of Katalysine water, at once.

ULYSSES I, military ruler of this country, has *ordered* the election of Texas to take place on the 30th of November, next. The people of that state protested against having the election so late, on the ground that it would injure the agricultural interests of Texas, but Grant, who ruleth and reigneth at Washington, with his horde of "relations," had some imperial end to accomplish and "ordered" it to suit himself. Great country!

Democratic State Convention.

Entire Harmony and Great Enthusiasm!

Hon. Asa Packer Nominated for Governor and Hon. Cyrus L. Pershing for Supreme Judge.

The Success of Democracy Assured.

The Democratic State Convention met in the Hall of Representatives, in Harrisburg, on Wednesday, July 14th, at half past ten o'clock and was called to order by Hon. W. A. Wallace, chairman of the Democratic State Central Committee. It was by far the largest and most enthusiastic gathering that has been seen at the state capital for many years. An organization was effected by electing the Hon. William Hopkins of Washington, temporary president of the Convention. On motion of Hon. Alex. H. Coffroth, a committee composed of one delegate for each Senator was appointed on permanent organization. A similar committee on resolutions was also appointed. Hon. Charles R. Buckalew was selected by the committee as permanent President. Mr. Buckalew addressed the Convention in a speech of great power and eloquence, and was frequently interrupted by enthusiastic applause.

On motion of General Coffroth, nominations were made for a candidate for Governor. The following were named:

George W. Cass, of Allegheny; Daniel M. Fox, of Philadelphia; Asa Packer, of Carbon; General William McCandless, of Philadelphia; and General W. S. Hancock.

Mr. Ancona—In a great emergency like this [here a few words were made inaudible at the reporter's desk] the name of one of her distinguished citizens is already in the hearts of the Democracy of the State for this position. I feel convinced that his name being presented to this Convention, that should he receive the majority of the votes for the position that we are about to nominate, he cannot and will not decline the position. With this impression, Mr. President, I present, in the name of Democratic Berks, the name of General Hancock. [Great applause.]

Mr. Wallace—I deem it my duty, sir, before proceeding to a ballot, in behalf of an honored name, in behalf of one whom I know the people of Pennsylvania will always delight to honor, to present an expression of his sentiments before he is placed before the public for the office of Governor of his native State. I have in my possession a letter written by General Winfield S. Hancock dated on the 21st of last May, in which he explicitly and distinctly declares that he will not permit his name to be used as a candidate, and that is without reservation.

I send that letter to the Chair, that it may be read in the hearing of this Convention. [Applause.] I trust, Mr. President, that we will not do this great and honored name injustice—do the man a wrong by perpetrating a wrong—in fact an outrage upon him—and foist him upon the people of his native State and country in a position in which he does not wish to be placed.

The letter was read by Col. Carrigan.

Mr. Ancona— It is the desire of the masses that Gen Hancock should be a candidate of this Convention, notwithstanding it is not his desire to have his name presented. With his name we will march forward to victory over the strongest foe. He is well known; he has never turned his back on friend or foe [applause], and he will not refuse to accept in this case. I shall insist upon casting my vote for General Hancock.

Mr Delahunty, on leave given, withdrew the name of Daniel M. Fox.

The name of Charles Rogers was also withdrawn.

The Convention then proceeded to ballot with the following result:

Packer	59	Hancock	21
Cass	48	McCandless	6

Mr. Cassidy then withdrew the name of General McCandless.

A second ballot was then taken, which resulted as follows:

Packer	68	Hancock	19
Cass	47		

The clerk having recorded one more vote than there were delegates, although Mr. Packer had received two of a majority, the Convention decided to take another ballot, which was ordered, and resulted as follows:

Packer	95	Cass	37

The nomination of Asa Packer was then made unanimous, followed by enthusiastic applause and cheers.

The Convention then proceeded to nominate a candidate for Supreme Judge.

The first ballot stood as follows:

Pershing	33	Alricks	9
Brown	32	Jenks	8
Clark	19	Fisher	4
Wilson	10	Trunkey	2
Chapman	10	Golden	2

The second ballot resulted as follows:

Pershing	69	Alricks	6
Brown	43	Clark	6

The nomination of Hon. Cyrus L. Pershing was then made unanimous.

Mr. Hughes, from the committee on Resolutions submitted the following report:

The democracy of Pennsylvania in convention met, do unanimously declare—

1. That the federal government is limited in power to the grants contained in the Federal Constitution; that the exercise of doubtful constitutional powers is dangerous to the stability of the government and the safety of the people, and the democratic party will never consent that the State of Pennsylvania shall surrender her great right of local self-government.

2. That the attempted ratification of the proposed fifteenth amendment to the Federal Constitution by the radical members of the last legislature, and their refusal to submit the same to a vote of the people, was a deliberate breach of their official duty and an outrage upon every citizen of the State, and the resolution making such ratification should be promptly repealed and the amendment submitted to the people at the polls for acceptance or rejection.

3. That the Democratic party of Pennsylvania is opposed to conferring upon the negro the right to vote, and we do emphatically deny that there is any right or power in Congress or elsewhere to impose negro suffrage upon the people of this State in opposition to their will.

4. That reform in the administration of the federal and State governments, and in the management of their financial affairs is imperatively demanded.

5. That the movements now being made for the amelioration of the condition of the laboring man has our most cordial co operation.

6. That the legislation of the late republican Congress "outside of the Constitution," the disregard of the majority therein of the will of the people and sanctity of the ballot box, in the exclusion from their seats in Congress of representatives clearly elected, the establishment of military governments in States in the Union and the overthrow of all civil governments therein, are acts of tyranny and usurpation that tend directly to the destruction of all republican government and the creation of the worst forms of despotism.

7. That our soldiers and sailors, who carried the flag of our country to victory must be gratefully remembered, and all the guaranties given in their favor must be faithfully carried into execution.

8. Equal rights and protection for naturalized and native-born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign powers and furnish an example an encouragement to people struggling for national integrity, constitutional liberty and individual rights.

9. That the present internal revenue and taxing system of the general government is grossly unjust, and means ought at once to be adopted to cause a modification thereof.

The report was accepted and unanimously adopted.

The Elyton (Ga.) Herald says that Mr. Billy Satterwhite was killed by his father in Jefferson county, recently. The difficulty originated from a dispute in regard to some dogs. This was the only remaining son of Mr. Satterwhite, the other five being killed or died in the late war.

SPECIAL NOTICES.

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work: then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and he patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care), that will unlock the gall-bladder and starts the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the Alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much: they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood: then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

Being laid—a new pavement in front of the Mengel House.

Visitors to Bedford are coming in rapidly. There is still room for more.

Progressing finely—the cobbling of the gutter on the west side of Juliana street.

On last Friday night a horse was stolen from the field of William Cypher, in Hopewell township.

The dog days have come upon us, and so far as heat is concerned, they prove to be unmuzzled dog-days.

Some of our exchanges are blowing about having tomatoes. We've had them for some time—and in can-can style too.

One of the superb styles of ladies' hats now worn is called the butter dish. It is a cross between a snapping turtle and a warming pan—and is so nice.

Wanted to Rent—a small house, of three or four rooms, suitable for a small family, until April 1st next. Enquire at this office.

A son of G. G. Burns, formerly of this place, now of E. Providence, was badly bitten by a copperhead on Sunday last. At last accounts the child was not expected to recover.

DEGREE CONFERRED.—At the recent College Commencement, at Gettysburg, the degree of Master of Arts was conferred on W. C. Schaffer and John Lutz, Esqs., of this place.

Bishop Domenec will preach on Sunday next, at 10 o'clock, A. M., and lecture at 7 P. M., on the following subject:—*The truths of the Church mirrored in the visible works of God in nature.*

People should not sleep in tight rooms any season of the year—but especially the summer season. The so who fear night air should remember that there is no air but night air at night.

A terrific storm raged at Huntingdon last Wednesday. Two men while sitting under the schute at the coal wharf were so stunned by the lightning that they fell forward and drowned.

SOMETHING NEW AND USEFUL.—White's Family Scales are claimed to be the cheapest, and most perfect ever manufactured. These scales are sold only by agents. The trade is not supplied with them. Every household should have one of them. D. A. T. Black, of Rays Hill, is the agent and will be in town this week to show the article.

Wanted by the Brooklyn Life Insurance Co. of New York an energetic and experienced Life Insurance Agent to take the counties of Somerset, Bedford and Fulton. To a first class man desiring to represent a thorough reliable Company the most liberal inducements will be offered. All applications addressed to Sheldon & Floyd, Gen. Agents, 637 Chestnut St., Philadelphia.

THE CROPS.—From all parts of the county we hear the most flattering news of the wheat crop, now being gathered in. All admit that the yield has not been better for years. Oats were never better, while corn, under the late genial showers, promises to give a very fair crop. All this is good news for the poor man and the farmer, and, but for the financial depression caused by the reckless policy of the radical party, labor would be in better demand and the producer would find a readier market for what he has to sell. As it is, labor lies idle and wheat lies unsold in the granaries.

COURT.—An adjourned court is in session this week, Judge Rowe presiding. The attendance is very slim, only those who are compelled by circumstances to appear, being here. On Monday morning jurors failed to answer to their names, and it was not till late in the afternoon that the court machinery could be set in motion. A great many of the jurors being farmers they preferred to be in the harvest field, rather than sit and listen to the animadversions on the Acts of Assembly by ye legal fraternity. A great many offered excuses to get away but the court could not see it.

AN APPEAL.—We clip the following "touching appeal" from an English paper, and commend it to *our own* subscribers, *who are in arrears*, for their consideration:

"Withhold not good from them to whom it is due, when it is in the power of thine hand to do it."

"We are greatly in need of money just now in order to meet our paper bills and other liabilities, and as there are thousands of dollars due the office from subscribers, we would kindly, but earnestly, ask all who are in arrears to remit *immediately*, if possible, a part at least of their indebtedness."

"Say not unto thy neighbor, 'Go and come again, and to-morrow I will give thee;' when thou hast it by thee."

HOW MUCH OWEST THOU?—The date opposite the name on the paper is the time to which the subscriber has paid; and means that the subscription year expired with that date (whatever the date may be), and as our terms are *two dollars a year in advance*, or within six months, and *two dollars and fifty cents* if not paid within six months, each one can thus easily determine the present condition of his account with this office. *How much owest thou?"*

"Woe unto him that useth his neighbor's service without wages, and giveth him not for his work."

THE BROAD TOP REGION.—We call the attention of our readers to the able article on the Broad Top region, found on the outside of to-day's paper. The writer is one of the ablest civil engineers in the state, and has made the study of the mineral resources of that part of our county a specialty, therefore his article on the subject is entitled to the highest consideration. Read it.

A TRAIN of wagons, carts, horses and provisions left here on Monday, noon, under charge of Mr. Henry Miller, of this city, for sections 118 and 119 of the Connellsville and Pittsburg Railroad, now under contract by Messrs. Dewee and Clark. The whole of the unfinished portion of this line, so far as we could learn, is now under contract and will be pushed to an early completion.—*Mountain City Times, Cumberland.*

ESCAPE OF ONE OF THE CATTLE THIEVES.—On last Thursday morning one of the cattle thieves confined in our county jail, scaled the walls of that institution and made good his escape. The prisoners were let out in the prison yard, as usual, that morning, and during the temporary absence of the Sheriff, this fellow managed to break off his hobbles, and by the aid of a few poles and a rope that happened to be in the yard he got over the wall easily. Just a few mornings before, these same chaps were caught attemptiing to cut their way through the prison wall.

N. B.—The fellow has since been captured at Cumberland.

CANNING CORN.—Mrs. William B. Hazleton, of Marhopac Falls, in the *Michigan Farmer*, says: I take the sweet or even green corn before it gets too old, cut it from the cob, fill my cans full, pressed down. I then take a boiler, lay some sticks in the bottom for my cans to set on; I then lay the covers of the cans on loose, fill the boiler with water so that it will cover half way up the sides of the cans, put the cover on the boiler, boil for three hours briskly, take out and press the covers on tight. Will keep well and have all the flavor of green corn.

ANOTHER BIG SNAKE.—On Wednesday evening week, Mr. Robert V. Campbell put an end to the existence of one of the largest rattle-snakes ever killed in this county. His snakeship, it appears had gone into quarters for the night under the steps that lead into the kitchen. Mr. C.'s attention was drawn to the spot by the barking of his dog when his snakeship was discovered. He measured 4 feet 6 inches in length and 12 inches around the body, and sported eleven rattles.—*Fulton Democrat.*

ERRATA.—In the article on the Broad Top Coal and Iron Region, found on the outside of this week's paper a number of errors appear. Some of these are typographical errors, and others are corrections made in the manuscript by the writer, after the article was in type. In the 12th paragraph, for "Its outside *base*," read "its outside *form*;" in the 18th paragraph for "80 tons"; read "86½ tons;" in same paragraph, for "120 tons," read "150 tons;" in 21st paragraph, for "converse" and "presence," read "the converese" and "the presence;" in same for "the one," read "the ore;" in the next paragraph, for "work out" read "mark out;" for "demands of an age," read "demands of this age;" for "when the wealth," read "in which the wealth;" the last sentence should read: "We hail with unmingled delight the dawn of the iron era, *in the Broad Top Coal and Iron Region.*

IRVINE—*Three Things he Likes*—To sell as low as he can; to sell *the best* goods; and to sell FOR CASH! Remember, the "Regulator," No 2 Anderson's Bow, beats the world for good boots, shoes, queensware, glassware, groceries, notions, &c.

PERSONAL.—Hon. G. W. Brewer, of Chambersburg, and S. H. Reynolds, Esqs., of Lancaster, dropped into our sanctum on Monday last. They are both rusticating at the Springs. Two more clever, congenial gentlemen are seldom met with. The latter, it will be remembered, received a flattering vote in the late Democratic State Convention, as a candidate for Supreme Judge, thus paying a high compliment to his integrity as a man and his ability as a lawyer.

Chief Justice Thompson, of the Supreme Court of this state, Senator Cameron and other notables are at the Springs.

Hon. Francis Jordon, Secretary of the Commonwealth, is in town, attending Court. The Colonel is always welcome to his former home.

Neal F. Campbell, Esq., of Philadelphia, is again with us, stopping as usual, at the Mengel House, and looks as bright as a new coin.

Hon. C. A. Buchanan, of Baltimore county, Md., is stopping at the Mengel House.

John H. Rush, Jr., Esq., of Idiana, is here on a visit to his parents and friends. John looks as though the West agreed with him hugely.

ANOTHER HIGHWAY ROBBERY.—Our town was thrown into a state of excitement, on Tuesday evening last, by the news that Mr. Geo. C. Scott, a resident of this county and highly respected citizen, had been robbed of 28 dollars and a gold watch, about 4 miles west of this place on the Bedford turnpike.

Mr. Scott was returning from this place where he had come in the morning, and when on this side of the old Toll Gate heard some one call him to stop. Seeing a man with a mask on his face, Mr. S. started his horses at full speed down the pike. The robber seeing Mr. Scott's intention, ran and jumped over a bank in front of him and caught hold of one of the horses. Mr. S. jumped out of the buggy when the robber presented a revolver. The horses became unmanageable and tore loose from the buggy after breaking it considerably. One of the horses got away and was not found until Wednesday morning. The robber is a heavy set man and dressed in blue pants and jacket. The robbery occurred about 6 o'clock in the evening.—*Fulton Democrat.*

ST. JAMES' EPISCOPAL CHURCH.—The South Central Convocation, consisting of the of clergy of several parishes, held a series of services here last week in the Court House, which were both solemn and interesting. Before adjourning the following preamble and resolution were adopted, viz:

Whereas, the members of the South Central Convocation of the diocese of Pensylvania, now assembled in Bedford, note with great satisfaction the results of the earnest labors of the rector, the Rev. Alfred J. Barrow, and of the people of St. James' parish since the last meeting of Convocation held here, in August, 1866, as shown in the increase of the congregation, the addition of 29 persons confirmed and 40 communicants added to the small number with which the enterprise commenced, the formation of a Ladies' Aid Society which has been the life of the parish, the partial erection of what seems destined to be a very beautiful church edifice, and the expenditure for that and other Church purposes of over $5000, therefore,

Resolved, that they, the members of the Convocation aforesaid, hereby desire to give an expression of their gratification to the good people of this parish at the accomplishment of the above mentioned results, and to assure them of their hearty interest in the success of the work.

And, morever, that with the pleasant memories of the generous hospitality and kindness extended to them during the sessions of Convocation, shall be joined a determination on thier part, to aid, so far as comes within their power, towards the completion of the aforesaid new Church building, with the hope that the people of the parish will not relax their exertions, but will persevere in prayer against all discouragements until the good work begun shall be fully accomplished.

For the Gazette.

NEW PARIS, JULY 17, 1869.

Messrs. Editors:—With your permission I will transmit a few lines to you for the columns of your highly esteemed "GAZETTE," and give you a brief sketch of things in these parts. The weather is very warm, as the rays of the sun do not strike us obliquely but seem to descend upon us directly from above. The farmers are busy gathering in their crops, which are very good and giving us fair prospects of plenty. Political matters are quiet along the lines, but will open with *thunder peals* after awhile, as there are many among the *Rads* that cannot swallow the 15th Amendment with the negro on top—it is too much for them. Neither do they like musical instruments that are bo't like Jno. W. G—overner did, called fuel and incidentals, &c. Napier will not come out with broken ranks but in one *solid* phalanx for Democracy.

The Evangelical Association in this county, Superintended by the Rev J. A. Dunlap, will hold a campmeeting on the land of Philip Cuppett, commencing the 19th of August, to continue one week. The Rev D. S. Poling and other ministers will be present.

On the 9th inst., one of Mr. Jehu Oldham's boys, while attempting to pick cherries, fell from the tree, breaking both his arms. He is being attended by Dr. Ely, of Schellsburg, and is doing as well as can be hoped for.

Yours, *more anon*,
SHIBBOLETH.

Half way up Lookout Moutain, the place where memory is stirred by a thousand thrilling associations, and where the brave boys of both armies met and fought hand to hand, where the blood of both friend and foe was mingled together and ran down the mountain-side in rivulets, is a smooth-faced rock, upon which a poor, wounded soldier inscribed the following:

"S. T,—1860—X.—Early in the battle I was wounded, and carried to this spot by two clever 'Yanks'. They bade me farewell, and as they supposed, to die, for I was so weak from loss of blood that I could but faintly thank them for their kindness. They left in my canteen a part bottle of PLANTATION BITTERS, to which I owe my life for it strengthed me, and kept life within me until help came and my wound was dressed. God bless them for their kindness, and for the PLANTATION BITTERS."

BALLOU'S, MONTHLY.—The August number of this magazine is on our table and is full of interest from beginning to end. This is certainly a very cheap periodical. Published by Elliott, Thomes & Talbot, 63 Congress Street, Boston, at $1.50 a year.

With Dyspeptics everything is wrong. Food does not digest; sleep does not refresh; wine does not cheer; smiles do not gladden; music does not charm, nor can any other joy enter the breast of the miserable dyspeptic. You must get rid of it, or it will become seated and confirmed, and life will be a burden and existence a curse. PLANTATION BITTERS will do away with all this. New life, strength and energy will take possession of you. The damask will again bloom upon your cheek, and the luster in your eye will again be as bright as in your healthiest, happiest and joyous days.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

"POMPEY," said a good natured gentleman to his colored man, "I did not know till to-day that you had been whipped last week."

"Didn't you massa?" replied Pompey, "I—I know'd it, jist the same time it occurred."

Twenty or thirty cars loaded with coal oil and crude oil were destroyed on the Erie, Atlantic and Great Western Railroad, at Cleveland, Ohio, Thursday night. Loss $50,000. The fire is believed to have originated from a lamp in the hands of a train inspector.

The engine house, machine shop and two or three other buildings, together with four locomotives and two new passenger cars belonging to the South Pacific Railroad, were burned at Franklin, Mo., on Wednesday night. The total loss was from $60,000 to $70,000.

MERCERSBURG REVIEW.—The July number of this quarterly, which has just made its appearance, is one of more than usual interest and variety.

It contains nine articles, besides a number of brief notices of recent publications. It opens with an article on "The Written and the Incarnate Word," by Rev. P. S. Davis, A. M, Chambersburg, Pa., which furnishes food for thought, and is written in the writer's puculiarly forcible and attractive style. This Review seems to increase in life and vigor in every successive number. Its articles will be read and felt by many intelligent and reflecting minds.

Published by the "Reformed Church Publication Board," No 54 N. 6th Street, Philadelphia, at $3 per year in advance.

THE LADY'S FRIEND.—The August number of this "Queen of the Monthlies" is adorned with a beautiful steel engraving of those two young lovers "Paul and Virginia"—a double-paged and handsomely colored fashion Plate, containing the latest Paris styles—a picture of Maidenhood, in illustration of Longfellow's sweet poem; and the usual number of miscellaneous engravings, illustrating sea-side costumes, children's fashions, hats, head-dresses, dinner and walking toilets, &c., &c. Four copies, $6. Five copies (and one gratis), $8. "The Lady's Friend" and "The Saturday Evening Post" (and *one* engraving), $4.00 Specimen numbers sent for ten cents.

GALAXY.—The August number of this excellent periodical has reached us. "Put yourself in his Place," by Charles Read, is continued in this number. "The Race for Commercial Supremacy in Asia," "Prince Napoleon," "Mineral Waters," by John C. Draper, M. D; "How they keep house in Compiegne," are among the literary articles in this number. Address Sheldon & Co., 498 and 500 Broadway, N. Y.

GODEY.—The August number of this beautiful lady's book is on our table and is a gem. The steel engraving, "Feeding Horses," is an exquisite picture while the fashion plate is unsurpassed. The literary matter is of the very best. L. A. Godey, publisher, Phila., Pa.

Four suicides, two of them women, were reported Thursday. The wife of James Cain, one of the most respectable citizens of Waterloo, Canada, shot herself through the heart with a revolver; Catharina McDonald, of Augusta, Me., while laboring under a fit of insanity, hung herself with a handkerchief; Jenkes Harris, proprietor of Hoyle's Hotel, Providence, R. I., ended his sorrows with a rope, and John Williams, cut his throat at a police station in Rochester, New York.

News from New Mexico report the Indians still troublesome on the Santa Fe mail. Crops are good. None of the newly appointed Indian Agents have yet arrived in the Territory.

A despatch from Helena, Montana, says, Wells, Fargo & Co's coach was robbed at Morens Station of the treasurer's box, containing $7,200 in gold. Parties are in pursuit of the robbers, who fled to the mountains.

DODD'S NERVINE DID IT.

NEW LONDON, CONN., April 26, 1869.

REMEMBERED FRIEND—I thought it well to wait another week before writing, to see if I continued to improve, as I have been doing for some time, under treatment of the new medicine, and I am happy to tell you when you that I am getting better—even faster than when you were here. I commenced the use of DODD'S NERVINE without anybody advising me to it. When I began with it I could only walk from my bed to the chair. My trouble has been extreme pain in the head, and has lasted over three years. All the medicine I have heretofore taken has failed to give any relief. I am now able to go up and down stairs, and daily improving. I consider the NERVINE the best medicine I ever found, and shall continue its use, for I am confident of entire recovery. I have taken only three bottles, and would not be without it on any account.

Very truly, MRS. I. S. NUTE.

BE CAREFUL WHAT MEDICINES YOU TAKE. When you are exhausted by over work of head or hand, and feel the need of something invigorating, don't drink whisky or any intoxicating thing, whether under the name of Bitters or otherwise. Such articles give just as much strength to your weary body and mind as the whip gives to the jaded horse, and no more. Alcoholic stimulants are injurious to the Nerve-health, and are always followed by DEPRESSING REACTION. DODD'S NERVINE & INVIGORATOR is a Tonic and Gentle Stimulant which is not attended by Reaction. What it gains for you it maintains When it refreshes body or mind, it refreshes with natural strength that comes to stay. We are not recommending teetotalism in the interest of any faction; but long and extended observation teaches us that he who resorts to the bottle for rest or re-cuperation, will find, as he keeps at it, that he is kindling a fire in his bones which will consume like the flames of perdition Turn from it. never before attempted upon a single Machine,—using either SILK, TWIST, LINEN OR COTTON THREAD, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Braiding, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are Novel and Practical, and have been invented and adjusted especially for this Machine.

New designs of the Unique, Useful, and Popular Folding Tops and Cabinet Cases, peculiar to the Machines manufactured by this Company, have been prepared for enclosing the new Machine.

MIDDLETON'S

WONDERFUL PAIN CURE

A sure remedy for Rheumatism, Neuralgia, Lumbago, Growing Pains, Sprains, Bruises, Stiffnes, of the Joints and all similar diseases.

This wonderful remedy is composed entirely of vegetable ingredients. There are no injurious substances used in its manufacture.

For assurance of its excellent properties, read the following certificates:

BEDFORD, May 8, 1869.

I take great pleasure in giving my testimony to the value of "Middleton's Wonderful Pain Cure." I have been a martyr to Rheumatism. For two months previous to Feb. 25th, last, I was suffering intensely with pain so severe, that during all that time I had not one night of comfortable sleep. I could not put my hands to my face, could not comb my own hair, nor feed myself; but after having the Pain Cure applied once, I found relief enough to give me comfortable sleep, and with its steady use, I continued to get better, and now at the end of ten weeks from its first application, I have comparatively free use of my hands, sleep well and can attend to business. It has done me more good than all other medicines I have ever used put together, and I cheerfully give this certificate of its value.

ELI M. FISHER.

BEDFORD, April 14, 1869.

Mr. W. W. Middleton,

This is to certify that I was taken with Rheumatism, in my right shoulder, on the evening of the 8th inst., so that I was unable to raise my hand to my face. I got some of your Pain Cure and applied it twice, and was entirely relieved. I would recommend to every one who suffers with Rheumatism to give it a trial and be cured.

Yours &c., A. F. MILLER.

BEDFORD, May 17, 1869.

Mr. Middleton,

DEAR SIR:—I have used several bottles of your medicine in my family, and find it to be all you claim for it. Yours, truly,

JOHN HAFER.

BEDFORD, May 13, 1869.

This is to certify that I have used "Middleton's Pain Cure," for Rheumatism, and was very much benefited by it. JOHN HARRIS.

BEDFORD, May 18, 1869.

This is to certify that I have used Middleton's Liniment, for the Rheumatism which I had in my right shoulder so bad that I could not get my hand to my head without great pain, and after a few applications was entirely relieved.

L. F. DART.

BEDFORD, May 1, 1869.

Mr Middleton,

Dear Sir:—Mrs. Bowser was in much suffering for some four weeks with Rheumatism, and got some of your Pain Cure, and the first night I applied it it eased the pain; and after keeping on using it for two weeks, she was restored to health. I feel it to be my duty, as it is a pleasure, to write this recommendation for the benefit of others. JACOB BOWSER.

BEDFORD, May 16, 1869.

Mr W. W. Middleton:

Sir—I procured a bottle of your Liniment for Rheumatism, and it gives me great pleasure in saying that after using it for two days, my rheumatism was completely relieved. My sister was suffering, at the same time, with Inflamatory Rheumatism in her right hand and wrist—after using it for several days she was relieved. I consider it the best remedy I ever heard of.

JOHN KEEFE.

BEDFORD, May 24, 1869.

This is to certify that I have used one bottle of Middleton's Liniment, for Rheumatism, and think it a good cure, and would recommend it to all persons that are afflicted with the above disease.

AUGUSTUS CARVER.

BEDFORD, May 26, 1869.

Mr. Middleton:

Sir—I procured one bottle of your medicine and used one-half of it for Rheumatism, which effected a permanent cure up to this time. I cannot hesitate in saying that it is the best remedy I ever used. A. B. CARN.

This excellent PAIN CURE is prepared only by W. W. MIDDLETON, Bedford, Pa., to whom all orders for the medicine should be addressed.

SCHEETZ'S

CELEBRATED

BITTER CORDIAL

This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain, prompt and speedy remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTINGS, SICK-HEADACHE, &c. For Chills and Fevers of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

AYER'S HAIR VIGOR,

FOR THE RENOVATION OF THE HAIR.

THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color and the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

AYER'S CATHARTIC PILLS,

For all the purposes of a Laxative Medicine.

Perhaps no one Medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates, containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For DYSPEPSIA or INDIGESTION, LISTLESSNESS, LANGUOR and LOSS of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For LIVER COMPLAINT and its various symptoms, BILLIOUS HEADACHE, SICK HEADACHE, JAUNDICE or GREEN SICKNESS, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the disordered action or remove the obstructions which cause it.

For DYSENTERY or DIARRHŒA, but one mild dose is generally required.

For RHEUMATISM, GOUT, GRAVEL, PALPITATION OF THE HEART, PAIN IN THE SIDE, BACK and LOINS, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For DROPSY and DROPSICAL SWELLINGS they should be taken in large and frequent doses to produce the effect of a drastic purge.

For SUPPRESSION a large dose should be taken as it produces the desired effect by sympathy.

As a DINNER PILL, take one or two pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these PILLS makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

The Waters' Pianos are built of the very best and most thoroughly seasoned material.—*Advocate and Journal.*

Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine.*

MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming adeertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of, indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for many years,) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and first-class instrument. Stronger endorsement we could not give.—*Home Journal.* jan15,'69.

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhœa or Whites, Uterine Ulcerations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.
